

Many of you know the story ... After producing our first Bluegrass Festival in 1979, it was clear Labor Day Weekend was forever changed in the bluegrass community. After 30 magical years of the very best bluegrass had to offer, we decided to retire. A few short years later, this time with my son Michael by my side, offering his own special twist, including the now famed Late Nite Stage, we proudly produced 5 more wonderful bonus years, as the "Bluegrass Special".

We have, once again, reached a Time of Change...Thank you all for being with us on this amazing journey of music, family, friends and frolic that only bluegrass can offer! It's been an honor to be a small part of the growth of Bluegrass in New England. Please continue to support Bluegrass Music and we hope to see you at a festival in the future!

*"Sometimes, it's not the song that makes you emotional, it's the people and things that come to your mind when you hear it." - Unknown*

The music, and the magic, will live on forever in our memories...

Thank you for being a part of the Magic!
